A meeting of the 4-H Sale Committee was held in the County office, January 19. Blair Shaw, newly appointed District Agriculturalist, for the County of Vulcan, was welcomed by the chairman, Leslie Shaw.

The year's program for the sale committee was reviewed with the assistance of Mr. Roth.

An invitation was accepted to hold the Beef Judging Competition at the farm of Billie Bolduc on March 26.

It was decided to set the rate of depreciation for the equipment of the 4-H members at 20% per year.

Following the meeting, the president of the 4-H Council, Bob Cutler, presented the retiring D.A., Clarence Roth, with an engraved scroll from the clubs in the council. Mr. Cutler thanked Mr. Roth for the good work he had done in the 4-H movement here, and wished him well in his new work.

## Regular Meeting Candlelight Circle

The January meeting of the Candlelight Circle was held at the home of Betty Kehr with 16 members and two visitors in attendance.

The meeting was opened with the singing of two hymns and Joyce Pelham leading in prayer. Roll call was answered by each member telling of a minister they remembered.

Margaret Davis brought the devotional which dealt with the Union of Churches, Catholic and Protestant Relations and the results of a poll taken by the Christian Herald.

The mission money for the month was sent to the Alberta Bible College Memorial Fund in memory of the late Dr. Hansell.

Betty Wickstrom entertained with several contests. Lunch was served by the hostess and her helpers Muriel Smith and Sylvia Budd.

The February meeting will be at the home of Ruth Dann.

A resident of the Blackie district for the past 20 years, Mrs. Emily Hall died at High River on January 25, 1966.

Born at Liverpool, England, August 16, 1895, Mrs. Hall was predeceased by her husband. She is survived by two daughters, Mrs. V. (Caroline) McKeage and Mrs. F. (Jessie) McNiven, both of Blackie; three sons, Richard of Vulcan, Aubrey of Calgary and James of High River; 13 grandchildren and one sister, Mrs. W. Rothney of Dunville, Que.

Services were held Friday, Jan. 28, at Gladys United Church with F. G. Malcolm officiating. Pall bearers were B. Springer, D. McNiven, E. Meadows, C. Laycraft, R. Bird and J. Speelman and interment was in the Gladys Ridge Cemetery. The Snodgrass Funeral Home was in charge of arrangements.

## TOO YOUNG

A frantic mother rushed into a doctor's office dragging a four-year-old by the hand.

"Doctor!" she panted, "Is this child capable of performing an appendectomy?"

"Why, of course not my dear lady," answered the doctor.

"See," screamed the mother, "now you march right out of here and put it back!"

## 200 Scouts and Cubs In Annual District Gymkhana

Champion Scout Troop and Vulcan No. 1 Wolf Cub Pack shared honors as aggregate winners at the annual Lake McGregor District Ice Gymkhana held at Vulcan last Saturday afternoon.

Close to 200 Cubs and Scouts from Lomond, Champion, Carmangay and Vulcan took part in the afternoon's events. Attendance was less than expected as the first moderation in weather in many days occurred Saturday but was possibly too late to benefit the sponsoring Scout Association and inside the arena spectators were well chilled by the end of the program.

Members of the trumpet and drum section of the Vulcan County Band played for the entrance of the Scouts and Cubs and presentation of the flags was followed by a short welcome by Vulcan mayor

## Vulcan Advances To Provincial Finals

John Wolfe and his Legion mates of Ivan Haga, Gale Atkinson and Ray Wellman won the District 6 playoff at High River over the weekend to advance to the Alberta Legion finals to be held in Drayton Valley on Feb. 18-19-20.

Again they lost in A Section, this time to Cardston and after winning B Section they had to win two in a row over the same

Cardston foursome. This was accomplished in very convincing fashion as the Vulcan boys were in top form and won both games in five ends by scores of 14-4 and 11-1.

Other rinks represented in the district play-off were from Vauxhall and Lethbridge. All the rinks were guests at a banquet on Saturday evening at the rink, and a smoker at the Legion clubroom on Sunday.

## Kjeld Pederson Speaker At Lomond Banquet

Kjeld Pederson, the former district representative of the Lake McGregor Division of the Boy Scout Association, spoke to the Lomond Anglican Young People's group in the Lutheran Church hall on Tuesday, Jan. 25. He was speaking at a banquet which has been prepared by the Young People under the able direction of Miss Terry Teasdale.

He reminded his listeners that the commandment "Honor Thy Father and Mother" is the only commandment that carries with it a promise, namely, "That thy days may be long in the land that the Lord thy God gives thee." He pointed out that parents should also conduct themselves in such a way as to command the respect and honor of their children.

The toast to the Queen was given by Delma Huff. The toast to the parents was proposed by Leslie Armstrong. This was replied to by Mrs. J. Foreman. The guest speaker was introduced by the Rev. V. G. Cowell and thanks to the speaker were expressed by Eric Ruppert. Jim Foreman was master of ceremonies.

## NOT PRESENT

Winner of the \$50 attendance draw at the last regular meeting of the Elks Lodge was John Graham, but as he wasn't present at the meeting the prize money is carried forward to the next meeting and \$5 added so that some lucky Elk can win \$55.

A strike, once the course of last resort, now seems the path of least resistance.

## County Committees Meet

## Tax Recovery Lands Will Be Sold By Tender

### SCHOOL COMMITTEE

The first meeting of the year 1966 of the School Committee of the County of Vulcan No. 2 was held on Monday, Jan. 10. The meeting convened at 10:00 o'clock in the forenoon.

Those present were: F. N. Thurber, Earl Erickson, Donald A. McNiven, A. McAllister, councillor members of the School Committee, and E. E. Burriss, Arrowwood, George Moses, Champion, and Ray Wellman, Vulcan. Also present at the meeting were Wesley P. Eddy, superintendent and D. D. McQueen, secretary-treasurer.

Messrs. Thurber, Erickson, McNiven and McAllister, having been appointed to the School Committee by the County Council on January 3, 1966, subscribed to the Official Oath of Office as members of the School Committee.

The meeting was called to order by the Secretary-Treasurer who conducted the election of chairman. It was moved and carried unanimously that F. N. Thurber be appointed Chairman of the School Committee for the ensuing term. Mr. Thurber thanked the members of the committee for their confidence and advised that he would do his best to carry on the duties of chairman of the committee which had been so ably done by Mr. McKay during the past 15 years. He hoped that the members would cooperate with each other and that the problems would be few.

Mr. Thurber assumed the duties of Chairman by subscribing to the Oath of Office, and called for the election of Deputy-Chairman. It was moved and carried unanimously that Earl Erickson be appointed Deputy-Chairman of the School Committee for the ensuing term.

The secretary-treasurer read letters from J. Stevenson & Associates, Architects, in respect to the Brant and Arrowwood additions, and it was noted that the provincial government had changed the effective date for the new School Foundation Program in respect to building costs from April 1 to January 1, 1966. This meant that the contracts for the Brant and Arrowwood additions could now be officially executed by the contractors and the county, and this matter was being looked after.

The secretary-treasurer reported

that the agreement between the county and the Indians Affairs Branch to accept students at the Arrowwood School had been slightly revised. The agreement called for a maximum of 60 students at the ratio of one Indian student to two non-Indian students. The maximum amount of 60 was

deleted from the contract, but the provision of one Indian student to two non-Indian students remained the same.

Mention was also made of accepting some Indian students at the Milo School. This had been discussed at the meeting held in Strathmore with the Superintendent of Schools from the Indian Affairs Branch, and it was mentioned that there was a possibility that Milo could accept some Indian students.

## Thieves Soon Apprehended At Blackie

(By Blackie Correspondent)

Early Thursday morning of last week residents of Blackie were aroused in sub-zero temperatures to aid the local grocer in capturing thugs who were looting the Hub Store.

As thieves tried to escape from the building one was brought to the ground by a flying tackle by an employee from the store. The other man tried to escape by car but after becoming lodged on the railroad track took to the open country on foot.

Following a four-mile chase through nearby fields by RCMP and a police dog in 25 below zero temperatures, the thief was apprehended in a state of exhaustion.

FRANK N. THURBER

Councillor for Division 10, Frank N. Thurber of Blackie has been appointed chairman of the County of Vulcan School Committee, succeeding J. M. McKay. Mr. Thurber has been a member of the County Council since 1962 and served as deputy-chairman of the school committee. New deputy-chairman of the committee is Earl Erickson.

## New 35-bed Building

## Vulcan Nursing Home Will Open This Month

A meeting of the Vulcan-Foothills Nursing Board in High River last week was attended by County of Vulcan representatives Donald McNiven and Ivan Haga and Town of Vulcan representative M. R. Morrison. Officials of Blunt's Nursing Homes Ltd. were present at the meeting and informed the Board that the Vulcan Nursing Home would be ready for occupancy about the middle of

February.

An open house and official opening of the Vulcan Home will be held as soon as practical, with the date to be announced soon. The general public will be invited to attend the official opening and inspect the facilities offered by the nursing home.

The new 35-bed home in Vulcan will not be restricted to providing nursing care for senior residents. Any person requiring such personal services as help in walking, getting in or out of bed, bed bathing, help with dressing or feeding, special diets, supervision of medication and other types of personal assistance will be able to take advantage of the home's facilities, subject to approval of the Medical Assessment Committee. Persons desiring to enter the nursing home may obtain an application form from their doctor or from the Secretary of the County of Vulcan.

Patients who are eligible under the Nursing Home Act are required to pay an amount not exceeding \$250 per day for standard ward, \$450 per day for semi-private room when such accommodation has been provided at the patient's request, or \$750 per day for private room provided at the patient's request. These rates provide for accommodation, meals and laundry, nursing services, special diets and routine drugs and dressings prescribed by the attending physician.

## Hear Talk On Public Speaking

The regular meeting of the Berwynwater 4-H Beef Club was held on January 15 with all members present.

The pledge was led by Penny Doane. A most interesting and informative talk was given by Rev. Dormer of Vulcan on public speaking. The annual curling bonspiel was discussed. Neil Giles conducted a quiz on section A of second year project book followed by a geography match.

A pancake supper will be held at the next meeting which will be open to the district. Tom Hughes of High River will be in attendance to show pictures of his recent trip to Russia.

Lunch followed the adjournment of the meeting.

## Fish And Game Group Enthusiastic

(By Peter Pickersgill)

Fish and game-ers are a funny lot. A couple of weeks ago at their January meeting 55 of them bulged the banquet room of the New Club Cafe (their third attempt at a place to call home), waited 25 minutes for an out-of-whack film projector which finally ground out unsynchronized, barely recognizable sound with the film, then listened to a review of some of 47 resolutions soon to be debated. By 10:30

the heat level had climbed beyond the uncomfortable stage and patrons were dabbing freely at smoke-stung eyes but they all hung on for another colored film, coffee and doughnuts and it was 11:45 before the last sportsman departed.

What's more they'll all be back to the next get-together wherever it may be held, ready to go again.

Even the ladies, who are joining these fish and game meetings in increasing numbers, were unruffled

by conditions. When business arose, such as sheep hunting on the high slopes, which was of interest to them, they voiced their views and when more man-like subjects were discussed they formed their own little group. On one occasion it seemed to an eavesdropper that the subject was fly-tying but before fishing authorities Bill Lethby or Montie Findlay could be called it became clear the gals were talking up wigs and who would be first to

tread Vulcan's streets under one. It is expected president John Andrews will be asked at the next executive meeting to form a WA group for these welcome ladies.

And to show the enthusiasm accorded Fish and Game here, 10 couples are heading for Banff this Thursday for the annual three-day Alberta Fish and Game convention. Whether this is for strict convention duties or a chance to

**REPORT FROM EDMONTON**

by J. WALLY STRANG of questions... and providing little or no factual information... being drafted for the forthcoming session of the legislature is not going to meet too many stumbling blocks... at least that's the opinion of veterans around the legislative buildings. The Bill as most people may already know will see fines of up to \$500 imposed on organizations and up to \$100 on individuals who discriminate in areas of public accommodation and service, employment, trade union membership and publication or display. Although the proposed information now available looks cumbersome and leaves the onus on the Minister of Labor to prosecute... it's long overdue and certainly a step in the right direction.

**A LOOK AHEAD**  
Look for a few opposition members to back down in their determination to rock the Sacred stronghold. Word has it that Neil Reimer's best informant has decided to call it quits in his fight against the Premier and the province. The story is going around that the ex-government employee is now angry with Mr. Reimer and is saying Mr. Reimer's telecast was so much hot air... or something. Look for John C. Doyle of Canadian Javelin fame... or otherwise... to announce that he has secured interests in the Pine Point development. In other words... the stock could soon hit the skids... if you have some... check on the shareholders.

**The Province Has Seven Snoops**

It may sound like a little corn to anyone who likes the CBC show... 'This Hour Has Seven Days'... but its the truth... if anything ever is? The CBC person here trying to dig up gossip about provincial matters is running into more obstacles than they ever imagined possible. Seems like nobody is willing to do any more than talk and even the yappy ones don't want to be identified as pigeons. The result being... the Alberta version of this Hour... when it appears should be a watered down program which asks lots

## LAUNDRY LAYOUTS

Now that the holiday season is over, and there may be a little time available, why not think of home improvements that can be done. Some homes lack a planned laundry center — perhaps this is where you might like to start.

Research done by the United States Department of Agriculture has found that laundry can be done in approximately 66 minutes per week per member of the family — if there is a convenient laundry layout!

Where Does The Laundry Belong? 1. A "Utility Room" near kitchen, rear entrance or basement stairs. 2. A "Spare Room." 3. The Bathroom. 4. The Kitchen. 5. In the Basement — convenient to basement stairs, rear entrance and kitchen.

The selection of any of those locations depends on the accessibility of plumbing facilities. The laundry area should also be convenient to where the bulk of soiled laundry accumulates. Laundry tasks can be greatly simplified by having all work operations move in one direction. This direction should move towards the place where the clothes are to be dried. Time is saved because of less backtracking and confusion. Progression should go from right to left for right-handed people. So the arrangement of equipment would be in the following order.

1. Soiled laundry; 2. Sorting counter; 3. Laundry sink; 4. Laundry equipment; 5. Drying area; 6. Ironing Centre.

Suggested Layouts One for the person with an automatic washer and dryer, and one for non-automatic equipment. For the right-handed people with automatic appliances; this means the dryer should be at the left side of the washer. The dryer should be near an outside wall for ventilation. If a gas washer is used, ventilation must also be allowed for. A non-automatic washer requires a larger laundry area than for an automatic machine because two tubs are necessary. The laundry area for a non-automatic washer should be at least seven feet from front to back (depth). The width should be at least nine feet. This area includes both the work space and the space occupied by the equipment. Laundry tubs for non-automatic washers are most convenient to use when they are in an "island" position — that is, away from the walls. Such placement provides ample elbow room for a person who is working at the side of the tub. Usually for this type of equipment the basement is the most satisfactory location.

## Lethbridge Wedding Has Carmangay-Vulcan Interest

Christ Trinity Lutheran Church in Lethbridge was the scene of a beautiful wedding on Saturday, Nov. 6, 1965, when Cheri Lynn, only daughter of Mr. and Mrs. Glen Church of Carmangay and Charles Daniel, eldest son of Mr. and Mrs. James McNiven of Vulcan were united in marriage. Reverend Moody officiated at the ceremony.

The bride, given in marriage by her father, wore a floor length gown of pure silk organza over imported taffeta. The fitted bodice featured applique of French lace, re-embroidered with seed pearls. The center panel of the full skirt was also embroidered with lace applique and seed pearls. Her cathedral train was fastened at the waist, accented by two large organza roses. It featured a scalloped edge applique with French lace, all fashioned by Mrs. Connie Stetner. Her head dress was a crown of seed pearls and crystals, attached to it, a finger-tip veil. Her only jewelry was a pearl necklace, a gift from the groom. She carried a bouquet of large white lilies and red roses.

The bride's attendants, her cousin Miss Gloria Taylor of Vancouver as matron of honor, Miss Dawna Taylor of Vancouver and Carol McNiven, sister of the groom, wore identical floor length, full skirted dresses of turquoise peau-de-soie. The lace jackets were of matching color. The bustle effect of the skirt back was accented by a lace rose with cascading streamers. They wore wedding band head pieces of peau-de-soie and lace to match their dresses. Their bouquets were white and yellow baby mums and shasta daisies. The flower girl, Wanda Steiner, cousin of the groom, was adorable in her floor length gown identical to those of the bridesmaids. She carried a basket of flowers.

Attending the groom were James McNiven as best man, Brian Dunham and Frank Bates as ushers. Acting as ring bearer was Johnny Church, brother of the bride.

During the signing of the register Mrs. Joy Laczko sang The Wedding Prayer, accompanied by Mrs. Emma Smith.

For her daughter's wedding Mrs. Church was attired in a golden brocade dress with matching jacket trimmed with brown mink. Her hat was of gold and brown feathers with matching brown accessories. She wore a corsage of red sweet-heart roses.

The groom's mother, Mrs. McNiven chose a two piece dress of rose wool brocade. Her hat was black trimmed with rose feathers to match her dress. She wore black accessories and her corsage was of pink sweetheart roses.

A reception for over 200 guests was held in the church basement. Dan McNiven, uncle of the groom acted as master of ceremonies. Reverend Moody asked the blessing and Jurvis Brownell proposed the toast to the bride to which the groom ably responded. Jim McNiven, brother of the groom, proposed the toast to the bridesmaids. A piano selection by Arlene Dahl was greatly enjoyed, as well as a solo by Mrs. Joy Laczko, accompanied by Mrs. Emma Smith. Also a selection by the Carl Steiner family.

The church basement was decorated in white and turquoise streamers accented with wedding bells. On a lace covered table were lighted candles centered with a beautiful four tiered wedding cake decorated by Mrs. Viola Anderson.

Mrs. Grace Moore, aunt of the bride was in charge of the guest book. Mrs. Violet Brown, Mrs. Mae Taylor and Mrs. Dorreen Uily received the wedding gifts.

Out-of-town guests were from Vancouver, Creston, Winnipeg, Edmonton, Calgary, Pincher Creek.

A wedding dance was held the same night in the Carmangay Community Hall.

For travelling the bride chose a powder blue wool suit with fur trim and matching black accessories. She wore a corsage of pink carnations.

The happy couple spent their honeymoon in various points in British Columbia and now make their home in Edmonton.

People who know little are usually great talkers, while men who know much say little.

## LETTERS TO THE EDITOR

Editor, The Advocate

Dear Sir:

May I through the columns of your worthy paper express my concern over the recent "situation" at the Little Bow Municipal hospital at Carmangay.

Are our representatives on the hospital board carrying out their duties and responsibilities in the interest of the patient and the public, to the best of their ability? Why not ask your representative a few questions? Perhaps he will tell you the truth — perhaps not.

Wake up folks! Take an interest in your local government. Give your representative a word of kindness, praise and encouragement if he deserves it — if not I am sure he will at least appreciate your view point.

We are proud of this Little Bow Hospital. Let us keep its doors open, not only for the convalescent patient but also for the sick.

Why wait for spring? Do it now before it's too late.

—Yours truly,  
"Concerned"

dents. The matter was left to Mr. Eddy for investigation.

Members of the committee discussed the matter of the Centennial Tree Planting Program, and it was pointed out that there was considerable ground preparation to do before any trees could be planted and also that some arrangements would have to be made for maintenance of the trees after planting. It was decided to discuss this matter with the county council with a view to obtaining some special equipment, and also consider the hiring of a special maintenance man for the summer months.

It was moved and carried that the list of equipment for science classes at the County Central High School be approved and that Mr. Eddy be authorized to approve orders.

A letter from A. Psikla, principal of CCHS, brought up several matters concerning the library, industrial arts, student absenteeism and small maintenance problems. Most of these were dealt with by the committee at this meeting.

It was moved and carried that applications for sick leave from Mrs. Ball, Brant, and Mrs. Cockwill, Arrowwood, be approved.

### MUNICIPAL COMMITTEE

The regular January 1966 meeting of the Municipal Committee of the County of Vulcan No. 2 was held on Wednesday, Jan. 12. Those present were: Ivan Haga, A. W. Ulrich, M. Willard, F. E. Hubka and Donald A. McNiven. Also present at the meeting were D. D. McQueen, secretary-treasurer, Mr. Dersch, Construction Foreman, J. J. O'Reilly, maintenance Foreman and Robert Brown, shop foreman.

The meeting convened at 10:15 in the forenoon.

Ivan Haga was appointed Chairman of the Committee.

Committee members discussed the matter of a service contract on the mobile radios, and it was decided to investigate the possibility of having one of the local radio technicians do this work.

Members of the committee discussed the 1966 machinery capital purchases and it was decided that the preliminary thinking would be that the county would obtain two new motor graders, three more radio units, with two extra sets of harness, two asphalt tanks, three half-ton trucks with three trades being the 1959 Mercury, 1955 Chevrolet and 1960 Dodge. It was also decided to get a price on a new

D7 tractor or equal and one Vibro-Packer. The committee was in possession of a list of second hand paving machinery which is being offered for sale by M & S Paving Co., Okotoks, and it was decided that Mr. Dersch and Mr. Haga inspect some of the equipment with a view to purchase. It was also understood that Ford, Richardson & Gould Ltd., Central Garage (Vulcan) Ltd., and DonRon Sales and Service be invited to submit prices on the half-ton trucks.

The committee discussed the matter of engineering services for the 1966 paving, and it was decided to invite Underwood McLellan & Associates to the next meeting to discuss the engaging of an engineering consultant.

The committee discussed appointments to the Regional Study Group for the purpose of the Secondary Highway Survey, and decided that Mr. Haga and Mr. Willard be the official delegates from the County of Vulcan.

It was also decided to advise the Department of Highways that the county had engaged Underwood, McLellan & Associates as its engineers for the purpose of the Secondary Road Study and that the approximate cost to the county would be \$10,000.

A letter from the FWUA, Arrowwood, in respect to access roads, was read. Mr. O'Reilly advised that he had discussed this matter with Mrs. Williams, the secretary-treasurer.

A letter from Hon. Gordon Taylor, Minister of Highways, in respect to the county's application for the paving of the road to the Little Bow Park from the intersection at Highway No. 23 just north of Champion, was read. Mr. Taylor advised that there was no immediate information available as to what roads would be done, and that, in fact, the Legislature had not given its approval at this time. It was expected, however, that after the next session of the Legislature, there would be some definite information available and that the road in question would be considered along with others.

The committee decided to hold a special meeting on Wednesday, Feb. 9, 1966, at 10:00 o'clock in the forenoon for the purpose of drawing up the 1966 road building program.

## Shower Honors Pat Robertson

A miscellaneous bridal shower was held at the Church of Christ on Jan. 21 in honor of Miss Pat Robertson.

The room was tastefully decorated with yellow and white streamers and bells. A floral centerpiece in yellow and white adorned the head table and was presented to the bride-elect.

Miss Connie Schmidt entertained with two solos. A pantomime portraying the different phases of Pat's life caused a great deal of merriment. Following this the gifts were presented on a stretcher.

The bride was assisted in opening her gifts by her mother Mrs. Nelsie Robertson, her grandmother Mrs. Robertson of Calgary and her two sisters Merla and Susie. Pat expressed her thanks and appreciation for the lovely gifts.

The evening was brought to a close with a dainty lunch served by the ladies of the Candlelight Circle.

## LETTERS TO THE EDITOR

Jan. 29th, 1966

Carmangay, Alta.

Editor, The Advocate

Dear Sir:

This is the first time I have ever written a "Letter to the Editor."

I have opinions but guess I always felt that no one else would be interested in what I believe. However this is important. Not just to me but to a whole hospital district. In fact if allowed to continue unchecked, we in Carmangay may find the hospital doors swinging shut with a bang. Many people have worked and struggled to get the fine hospital we have today. Little Bow Hospital has been rated tops for its size and the credit goes to many for this. We have been lucky to have good doctors and good nurses and I thought we appreciated all this. But now something has been done by the present board that is unbelievable.

After 25 years of service one of the most capable and willing nurses has been accused of being a trouble maker and been fired, with no chance to come before the board and discuss what may have happened. Someone accused her and without paying any attention to her good record she was fired. Her exceptionally good nursing abilities and her dedication to her patients, her good moral standards and the respect which her patients and colleagues have for her counts for nothing. She has had no hearing, no chance to defend herself. The community is cut off from her nursing care and will be deprived of her excellent care. Nurses are scarce enough in these small hospitals without treating them this way. If they are not careful they will have discouraged any nurse from coming to Carmangay. It does leave a bad taste in the mouths of so many patients and their families who have so much to be thankful for in connection with services so capably rendered by the nurse in question.

It seems to me that perhaps the present hospital administrator is too young and inexperienced for his job and perhaps the present board is too weak or uninterested in serving the community. If so, why do they not resign and let someone who cares whether the hospital stays open or not take over.

The present board should remember that the people have put them in a position of trust, hoping that they will work in the best interests of the people. It seems obvious that there is at least one trouble-maker involved in this situation and that person should be removed or put back on an even keel. Public opinion is strongly in favor of a complete investigation as to why we are deprived of this good nurse's service.

—Interested Tax-Payer.

Jan. 29th, 1966

Editor, The Advocate

I don't know if anyone is interested or not in what I am going to say, but it seems to me that something should be done about the treatment received by a certain nurse in the hospital at Carmangay. We of the district are to be deprived of her nursing care because of the whim of some of those on the board who have decided that they don't like her.

I do not know the lady personally, that is outside the hospital, but I was a patient for sometime and I saw her in action and if there ever was a lady who believed in her Florence Nightingale pledge . . . it's her. She's a real angel of mercy and the care I got could not be matched anywhere. I would like to know why she was fired. I can't find anyone to tell me why, a certain person on the board acted as if I were intruding on private property when I asked . . . yet it is we, the tax payers who put them there. I say it is time for a shakeup in that place and it looks like we should have a public meeting and soon.

Respectfully,

—An Ex-patient.

In area Canada is about 40 times the size of the United Kingdom, has just over one-third the population.

# Introducing the tuned car. 1966 Buick.

*What makes a car a car is styling, performance,  
braking and ride and handling. Only when they're all tuned  
together is the car a Buick.*

Buick Riviera

Buick Skylark Sport Coupe

Buick Wildcat 4-Door Hardtop

A GENERAL MOTORS VALUE

We tuned the 1966 Buick. Not just the engine, but the whole car. We tuned all the elements. Like you would the instruments in an orchestra. And just as the tuned orchestra gives the effect of one-ness, the tuned car says blended perfection from bumper to bumper and road-line to roof-line.

**Tuned Performance.** We tuned Buick performance. Not just by increasing the efficiency of the six Buick engines, but by tuning everything that translates this power into activity. The transmission, the full coil suspension, the balanced drive-shaft, the brakes. All working together. All tuned.

**Tuned Ride.** We tuned the traditional Buick ride. And came up with

something truly unique. Boulevard comfort with enough road-feel to let you know you're in charge. Then we added extra jolt-cushioning rubber to places that get a lot of pounding. The result is a very special kind of ride. A tuned ride.

**Tuned Styling.** We even tuned the way Buick looks. Possible? Look at any one of the Buicks. Every sweeping line and gentle curve suggests motion. Inside and out, the car has been designed to move. And to say so. Quietly. But emphatically. That's tuned styling.

Drive the 1966 Buick. Riviera, Electra 225, Wildcat, LeSabre, Skylark or Special Deluxe. They're all Buicks. All tuned cars. All tuned to you. Wouldn't you really rather have a Buick?

Be sure to watch "Telescope", "The Fugitive" and "The Red Skelton Hour" now showing on television. Check local listings for time and channel.

## CAN RHEUMATIC FEVER BE PREVENTED

Unfortunately its cause is not yet clear. We do know that about half of all cases have had tonsillitis or a sore throat from one to four weeks before.

It must be recognized before the heart is seriously injured. Only a physician can diagnose it. Protect your children. Always consult your doctor when they have a fever or sore throat. If the diagnosis is early, rheumatic fever is not dangerous.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?
